**2026**  
EXPORT

**KING OF SNOW**  
**ARIENS 2026 EXPORT V1.0**

# WITH SO MANY OPTIONS, ARIENS® HAS THE PERFECT SNO-THRO® FOR YOU.

Wheels or tracks? 24" width, 36" or something in between? Electric start or pull? Understanding your property and usage will determine which Ariens® model will best suit your needs. As you page through this catalog, look for the icons at the bottom of the page to help you narrow down the right model for you.

## ASK YOURSELF THE FOLLOWING QUESTIONS:

- 1

HOW OFTEN DOES IT  
SNOW IN YOUR AREA?

  
LIGHT

  
MODERATE

  
HEAVY
- 2

HOW BIG IS THE AREA  
YOU'LL BE CLEARING?

  
1-2 CAR  
DRIVEWAY

  
3-6 CAR  
DRIVEWAY

  
7+ CAR  
DRIVEWAY
- 3

WHAT TYPE OF  
SURFACE WILL YOU  
BE CLEARING?

  
PAVEMENT

  
GRAVEL

  
PAVEMENT  
OR GRAVEL
- 4

HOW MUCH OF A  
SLOPE DOES THE  
SURFACE HAVE?

  
FLAT

  
MODERATE

  
STEEP

Our machines are designed to handle them all. Whatever you choose, you can't go wrong, because every Ariens® Sno-Thro® is built to get the job done. The good news is, you've taken a great first step, you're looking at an Ariens.

**DURABLE AND RELIABLE**  
SINCE THE VERY BEGINNING

# CLASSIC

S E R I E S

## THE FORECAST IS CALLING FOR NOTHING IT CAN'T HANDLE.

All-steel construction yet lightweight and easy to control, this machine was made for serious snow removal. Its interlocking levers let you operate one-handed when throwing snow and driving, while its steel serrated auger makes a quick meal out of whatever mother nature dishes out. Heavy and wet? Light and fluffy? The CLASSIC throws it all.

"My Ariens snow thrower has never let me down. Deep blizzards, sub-zero temps, it doesn't matter, it starts right up and gets the job done."

— Gary B.  
Minneapolis, Minnesota

# ARIENS RAPIDTRAK™: STOPS A BLIZZARD IN ITS TRACKS.

Wheels and tracks. They each have their place. We just happen to think some places need both. That's the versatility RapidTrak™ gives you. Thanks to its intuitive user-friendly design and three adjustable settings, you can switch to the traction you need in seconds. Its Wheeled Mode gives you effortless maneuverability on flat surfaces and its Track Mode is great for regular snow-clearing. But sometimes you need something extra. That's where the Dig-In Mode comes in. It delivers the traction you need in deep snow, on hills, or on slippery pavement. Every snowfall is different, and RapidTrak™ will keep you powering forward.

#### POSITION 1 - TRACK

A traditional track position with the grip of a track for normal operation.

#### POSITION 2 - WHEEL

Effortlessly raise the rear wheel to make the machine function like a wheel-driven model.

#### POSITION 3 - DIG-IN

Shift the rear wheel down to pitch the auger housing and dig into hard-packed snow.

#### AUTO-TURN™ STEERING

Effortless, zero-degree turning radius.

#### CAST-IRON GEAR CASE

Our rugged gear case leads the industry by producing an unmatched auger ratio to clear more snow. Equally impressive is its industry leading 5-year warranty.

#### DEEP TREAD TIRES

Built for the snow, these 15" directional tires provide improved mobility and agility.

#### 230V ELECTRIC START

Simply starts at the touch of a button, even under extreme conditions.

#### 2.5X QUICK-TURN CHUTE

Put snow in its place with a 2.5X Quick-Turn Chute with 205-degree rotation.

**3** YEAR LTD. RESIDENTIAL WARRANTY **90** DAY LTD. COMMERCIAL WARRANTY

## COMPACT SERIES

## TAKE THE SNOW BY STORM.

Don't let its size fool you, there's a lot of power packed into every Ariens® COMPACT. It was designed to be easy enough to take out for a light dusting of snow and reliable enough to tackle up to 52 tons per hour. The COMPACT Series is designed for effortless agility without sacrificing legendary Ariens power.

"Since I've had my Ariens, I actually look forward to big snowstorms!"

— Ray F.  
Cleveland, Ohio

**BRING YOUR  
ARIENS® MACHINE  
TO LIFE IN THE  
DEAD OF WINTER.**

Powerful and reliable. Those are the two main qualifications of a great engine. That's why we feature Electronic Fuel Injection (EFI) engine technology. They start with the turn of the key and deliver the torque and power to keep you clearing snow of all types and depths. You can thank its electronic governor which maintains consistent speed and throwing performance, without bogging down. Through wet snow and deep drifts, the EFI engine keeps the power consistent, even at low throttle. This is an engine worthy of serving the „**King of Snow®**” - Ariens.

**NEW!**

## **INTRODUCING THE NEW ARIENS AX ENGINES: MORE POWER, SAME TRUSTED ARIENS QUALITY**

The latest Ariens AX engines take performance of the **CLASSIC, COMPACT** and **DELUXE SERIES** to the next level. With increased displacement for even greater power and efficiency, these engines provide enhanced user experience without compromising the legendary Ariens reliability. More strength, more control – so you can handle winter's toughest challenges with ease.

# PLATINUM S E R I E S

## PURE POWER AGAINST SNOW.

When you get behind your PLATINUM, you'll want to keep going – driveway after driveway. These units were built for high-volume workloads, hence their standard hand-warmers and Super High Output (SHO) impellers. The PLATINUM Series is loaded with plenty of other features sure to fit your snow removal needs.

"My favorite thing about my Ariens is the built-in handwarmers. I go up and down my entire block, the neighbors love me."

– Michael H.  
Superior, Wisconsin

BILLIONS OF SNOWFLAKES VS. ONE MACHINE. SEEMS ABOUT RIGHT.

They tame the wildest of snowstorms with ease. The deepest, heaviest snowfalls are given their last rites the moment you fire up this 420cc engine. You don't need to be a professional to own one, just the desire to move as much snow in as little time as possible. Go ahead, upgrade your amateur status and throw like the pros.

"My dad had an Ariens, which he gave me when he upgraded his. That was about 20 years ago."

— William R. Bloomberg, Pennsylvania

# MAMMOTH 850

## WHERE THE MAMMOTH™ BEATS THE COMPETITION:

### BEST-IN-CLASS ENGINE

29.5 hp Kawasaki 850V-EFI engine, and Electronic Fuel Injection for cold days and reliable starting.

### FOUR-WHEEL DRIVEN POWER

Parker HP2 Pumps and Parker Engines provide power and control to all four wheels.

### CONVENIENT DASH LAYOUT

Controls are at your fingertips. One hand drives while the other works the attachment joystick.

### EASY USE & MAINTENANCE

Electric Connect system, and quick-attach system eliminates hydraulic hoses and their fluid which means fewer points of service.

### COMFORT & SAFETY FEATURES

- Dual ultra-bright LED light strips in front and a single rear LED rear light for optimum back lighting.
- Standard hand warmers activated through dash switch.
- Dampened operator platform for all-day comfort.
- Textured and bolstered operator pad for maximum control and comfort.
- Operator Presence Control lever (OPC) integrated into left steering lever.

### USES SNOWZILLA QUICK-ATTACHMENT SYSTEM™

**2** YEAR  
OR  
500 HOURS  
WARRANTY

# MANY OPTIONS AGAINST SNOW.

### 48" V-PLOW 122 CM

- Multiple Uses V-plow, straight blade, Y-mode, all in one attachment.
- Trip Edge Blade Design keeps you plowing over uneven surfaces.
- Float and Down-Pressure protects the surface, operator, and tractor; helps clear heavily packed snow.
- (OPTIONAL ACCESSORY) 6" Wing Kit extends width to the blade while delivering even better control over snow at plow edges.

### 48" SNOW BLADE 122 CM

- Pivots 30 degrees left and right for 60-degrees total pivot.
- Single joystick puts all controls right at your fingertips.
- Standard steel scraper blade.
- Poly scraper blade available.
- Steel skid shoes come standard.

### 44" POWER BRUSH 112 CM

- Clears down to surface, allowing users to use less salt.
- Low discharge height – safer for work in high-volume pedestrian areas.
- Individual bristle discs can be changed individually if damaged
- Pivots 20 degrees left and right, all from one a single joystick, right at your fingertips.
- Polymer bristle construction is durable yet gentle on delicate surfaces
- Driven by easy-to-connect PTO means quick connection and more power, with no belts or hoses.

### 36" / 48" SNOWBLOWER HEADS 91 CM / 122 CM

- Throws snow up to 18 m.
- 40 cm impeller.
- Driven by easy-to-connect PTO means quick connection and more power, with no belts or hoses.
- Steel scraper blade and skid shoes are standard, polymer versions available.
- Electric chute rotates 200 degrees and dual-hinged deflector allow you to put snow right where you need it - all from two simple dash controls.

### SALT SPREADER 113 CM

- Rear-mounted drop-spreader.
- For salt and sand.
- Dash-mounted panel puts all controls right where the operator needs them.
- 56 l capacity.

### BRINE SPRAYER 69 - 119 CM

- 75 l integrated reservoir. Kit includes pump, controller, spray nozzles and spray wand.
- All controls mounted to dash mean quick and easy use without taking your eyes off your path.
- Works with rotary brush, snow blower head, and blade attachments when installed.

# OUTFIT YOUR ARIENS® TO TACKLE ANY FORECAST.

Take your Ariens to the next level with OEM accessories and upgrades that turn the best machines into the perfect machine for your property. And because the accessories come straight from the factory, you'll never have to question performance.

## SNOW CAB

Protect yourself from the elements with a spacious, rugged, steel-frame Ariens Sno-Thro® cab. For all models.

Art.no: 72102600  
Art.no: 72104600 - Mounting kit for RapidTrak® models

## HEATED HAND GRIPS

Stay comfortable in the coldest conditions with these ergonomically designed heated handle grips. On/off switch included. For CLASSIC and COMPACT.

Art.no: 72101400

## SNOW CHAINS WITH SPIKES

Superior two-link spaced cross chains power over hills, ice and hard-packed snow.

Art.no: 92001001 (4.10-6(13x4))  
Art.no: 92001002 (15.5.00-6(15x5))  
Art.no: 92001003 (4.80-8(16x4,8))  
Art.no: 92001004 (16x6,5-8(16x6,5))

## SHEAR BOLT

Art.no: 53200500 - 1 pc  
Art.no: 72001800 - 150 pc for CLASSIC and COMPACT

Art.no: 52100100 - 1 pc  
Art.no: 72100100 - 150 pc for DELUXE and PROFESSIONAL

## SHEAR BOLT

Original replacement shear bolt, suitable for selected older COMPACT, DELUXE and PROFESSIONAL models.

Art.no: 51001500 - 1 pc

## DRIFT CUTTER KIT

For high and heavy snowdrifts. The blades cut lateral snow that is higher than the diameter of the auger. For DELUXE, PLATINUM and PROFESSIONAL.

Art.no: 72406900

## NON-ABRASIVE SKID SHOE

Durable polyethylene material providing protection on decorative surfaces.

Art.no: 72603100 - polyethylene  
Art.no: 72101100 - steel (standard)

## LED DASH HEADLIGHT

Ariens OEM LED headlight replacement kit to be used on all Ariens snow-blowers model years 2011 and newer that have halogen light original (not for 920336).

Art.no: 72104400

## FRONT WEIGHT 4,5 KG

In case of firm snow, the additional weight on the auger housing increases the pressure of the scraper edge to the ground.

Art.no: 72406500

## CLEAN-OUT SHOVEL

This kit includes one shovel, one mount, and the necessary hardware.

Art.no: 72407100 - w/o brush  
Art.no: 72408100 - with brush

## SALT SPREADER

Art.no: 70709500 - 45 kg  
Art.no: 70734300 - 27 kg

## SNO-THRO® COVER

Designed to protect your machine.

Art.no: 72601400 - 24"  
Art.no: 72601500 - 28", 30" and 32"

# the King of Snow

It's a distinction we wear with great pride. After all, it was hard work to earn it. But in the end, our superior engineering and quality craftsmanship reigned supreme, and they still do. They're what won customers over and earned their loyalty for generations. Our machines are built to perform and last beyond expectations because our standards are higher than any snowdrift they'll encounter. That's how we became the King of Snow® and we have no plans to relinquish our crown.
